

## Sun Light

Aptly named because Mildura enjoys more hours of sun than even the Sunshine Coast. Sunlight is a quenching, well balanced light beer.

We use Saaz hops from Bohemia in this beer. It shows in the aftertaste and aroma, slightly citric and a bit peppery.

Using just a sprinkling of roasted raw barley brings out the golden colour of the brew, and contributes to a slightly drier finish, which improves drinkability.

Regular drinkers of light beers will appreciate our efforts, as did the judges in the 2005 International Beer Awards, awarding us a trophy for best in class. More recently, at the 2008 Awards, this beer received a Silver medal and was shortlisted for the Victorian Premier's Trophy.
